Re: Supporting Member
Green Tree Urban Planning & Developers, LLC

Ref: By-Laws of Cypress Creek Flood Control Coalition effective 18 July 2001

This letter evidences the addition of Green Tree Urban Planning & Developers, LLC as a Supporting Member in good standing of the Cypress Creek Flood Control Coalition (CCFCC) effective on the date signed below.

Supporting Members are those business firms, organizations and individual persons who endorse the CCFCC mission objectives of flood protection, environmental preservation and effective communications between the government and private sectors in the Cypress Creek Watershed community. They recognize that sharing social responsibility with the non-profit causes is important to the safety, the environment and the well-being of the community's citizens; that doing so fosters healthy and dynamic neighborhoods; neighborhoods which are economically strong where residents and business work together for the common good of all.

Membership is governed by the CCFCC By-Laws referenced above. The Cypress Creek Flood Control Coalition is a 501(c)(3) non-profit organization wherein all expenses shall be paid from voluntary contributions and grants. There are no mandatory fees or dues required of any member.

Board of Directors, Secretary
